# CEO's Report

Dear Members,

It is a privilege to introduce myself as the new CEO of Workers Lifestyle Group an organisation built on 70 years of history.

Having spent more than 30 years in the club industry, I have seen first-hand the important role clubs play in bringing people together not only as places to gather and socialise, but as a centers that support sport, local events, community groups, and lifelong connections.

Since commencing in the role, I have been warmly welcomed and incredibly impressed by the passion of our members, the dedication of our staff and volunteers, and the strong sense of community across all three of our clubs. Each venue has its own unique history and character, and together they form one proud organisation built on shared values, loyalty, and community spirit.

My immediate focus is on listening, learning, and connecting with as many of you as possible. I look forward to working closely with our Board, leadership teams, staff, sporting groups, and members as we continue to strengthen each club while building for the future. It is important that we honour the traditions that have shaped our organisation, while also embracing the opportunities ahead.

I would also like to sincerely thank our 54,000 members for your ongoing support as you are at the heart of everything we do. Together, I am confident we can continue to build welcoming, vibrant, and successful clubs that our members and communities can be proud of for many years to come.

Thank you again for the warm welcome, I am looking forward to the journey ahead with you all.

Kind regards,

*Glenn Kovacs*

# Workers Connect

## Four Years at the Top and Still Raising the Standard

Blacktown Workers Baseball Club is one of the most respected sporting clubs in New South Wales, built on a proud community foundation and a strong development pathway from juniors through to senior Baseball. It is a club known not just for teams, but for producing a consistent culture of competitiveness and success across every level.

That culture has never been more evident than it is right now.

For two years in a row, every Blacktown Workers team has made the finals. It reflects the depth,

consistency, and standards that run through the entire Baseball program, from juniors to women's teams through to senior grades.

At the centre of it all is a First Grade side that has achieved something truly rare.

Four premierships in a row in First Grade Baseball. Four seasons of pressure, expectation, and relentless competition at the top level of NSW club Baseball. Through it all, Blacktown Workers have done what few teams ever achieve. They've stayed there.

What makes this run so remarkable is not just the trophies, but how different each season has looked, and yet how consistent the outcome has remained.

Injuries, form swings, elimination finals and tight one-run games have all come and gone. None of it has been enough to break the grip this group holds on success. In 2026, Blacktown again showed their identity on the diamond. When the pressure rises, so do they.

Half their finals Baseball games were elimination match ups. Two were convincing wins by ten runs. Two were one-run battles decided under extreme pressure. Different situations, same result. Blacktown finding a way.

As Head Coach Ben McGuire put it, "We don't win because everything is perfect. We win because this group knows how to win and they refuse to accept losing."

That mindset has shaped one of the most successful eras in Blacktown Workers Baseball history. Five championships in six years is not just dominance. It is sustained excellence built on culture, depth, and trust.

McGuire's coaching philosophy is built on simplicity and standards. He trusts his players to prepare, compete and perform and in return, they trust the system and each other.

"Trust is everything," he says. "I trust they'll give effort, prepare properly, and trust their talent."

That trust is visible across the club. Players from Under 18s through to 3rd Grade have stepped into First Grade Baseball moments and delivered, reinforcing the strength of the club's pathway.

But success is never just about talent. It is about standards.

At Blacktown Workers Baseball Club, effort is non-negotiable. Hustle is expected. Mental mistakes are challenged. Physical errors are part of Baseball, but attitude is not.

"It takes zero effort to hustle," McGuire often says.

That expectation has built a culture where accountability is shared. Players push each other, leaders emerge and complacency doesn't last.

Even after years of success, the hunger remains.

"They keep themselves motivated," McGuire says. "If someone drops their standard, there is someone ready to step in."

Behind the scenes, success is shared across the coaching staff, committee and families. It is a full club effort, not just a First Grade achievement.

And while the trophies keep coming, McGuire is clear on what matters most.

"It is the culture. It is players enjoying each other's success and everyone being invested in the club."

That culture has now become the standard others are measured against. As Blacktown Workers reflect on a historic four-peat, there is no sense of arrival. Because success is not a destination. It is an expectation

Congratulations to the players, coaching staff, committee members, volunteers and supporters on this remarkable achievement. Four premierships in a row is history in the making, and we could not be prouder to stand behind a club that continues to raise the standard for what success looks like.

Here's to celebrating an incredible legacy and to whatever comes next.

## A Season of Success for Blacktown Workers Junior Cricket Club

The 2025–2026 season has been another outstanding year for Blacktown Workers Junior Cricket Club, showcasing the talent, dedication and sportsmanship of our young players across all age groups.

This season, the club proudly contributed a significant number of players to the Blacktown District Representative teams, highlighting the strength of our development pathways and the commitment to nurturing young cricketers both on and off the field. These selections reflect countless hours of training, support from families and coaches, and the determination of our players to continually improve.

Success continued throughout the season, with four Blacktown Workers teams progressing to the semi-finals, demonstrating the depth of talent and competitiveness across the club. Of those teams, two advanced to the grand finals, where they rose to the occasion under pressure.

We are incredibly proud to celebrate the achievements of both our Under 11s and Under 13-2s, who each secured premiership victories in their respective grand finals. Their success is a testament to hard work, teamwork, resilience and the positive culture built within the club.

While trophies and premierships are exciting milestones, these achievements also reflect the broader role junior sport plays in building confidence, discipline, friendships and lifelong skills for our young athletes.

These successes would not be possible without the dedication of coaches, volunteers, managers and families who continue to support our players throughout the season. Their contribution behind the scenes is invaluable and helps create an environment where young cricketers can thrive.

The club would also like to extend a sincere thank you to Workers Lifestyle Group and the Board of Directors for their ongoing support. Your commitment to community sport and junior development continues to provide opportunities for our players to grow, compete and succeed.

As we celebrate another memorable season, we look forward to building on this success and creating even more opportunities for our young cricketers in the years ahead.

Congratulations to all players, coaches and families on an exceptional 2025–2026 season

## Clubs Unite For Purple Friday

On 8 May, Workers Lifestyle Group proudly participated in Purple Friday, a national reminder that every day we must stand together to say NO to domestic and family violence and YES to respect, safety and support for all.

Purple Friday provided an opportunity for clubs to come together to raise awareness of domestic, family and sexual violence, while encouraging important conversations around prevention, support and creating safer environments for everyone.

At Workers Lifestyle Group, supporting our community extends beyond our venues. It means

recognising issues that impact our members, staff and the broader community, and using our voice to help promote awareness, education and support.

Domestic and family violence continues to affect individuals and families across Australia, often in silence. Initiatives like Purple Friday remind us that even small acts of awareness and support can contribute to meaningful change. By standing together, we help build a culture where people feel safe to seek help, speak out and know they are not alone.

Our participation in Purple Friday reflects an ongoing commitment to promoting respect, inclusion and community wellbeing, while supporting conversations that challenge violence and encourage positive action.

Workers Lifestyle Group has long been committed to supporting domestic and family violence initiatives within our local community, recognising the importance of creating safer futures and providing support to those affected.

As we marked Purple Friday, the message remained simple but powerful: support is available, help is there, and no one should face these challenges alone.

If you or someone you know is experiencing domestic, family or sexual violence, confidential support is available 24 hours a day through:

1800RESPECT – 1800 737 732  
Free national counselling, information and support service. If there is immediate danger, always call 000.

Together, through awareness, compassion and action, we can continue building a stronger community grounded in care, respect and support for all.

## Community Comes Together for Another Successful Biggest Morning Tea

On Thursday 21 May, the Diamond Showroom at Workers Blacktown was filled with generosity, laughter and community spirit as more than 220 members and guests came together to support our annual Biggest Morning Tea in aid of the Cancer Council.

The event brought the community together for a morning of connection, entertainment and fundraising, all for an important cause that touches the lives of so many Australians.

Guests enjoyed a delicious morning tea provided by Mandavilla Events, alongside tea and coffee, while taking part in a range of activities throughout the day including raffles, prize balloons and a best dressed competition, adding plenty of fun and excitement to the occasion.

A highlight of the morning was hearing from our guest speakers, including Araceli from Blacktown Hospital, who shared valuable insights into the important work being undertaken to support those impacted by cancer and fund vital research. Attendees were also deeply moved by an inspiring survivor story from Serap Boyali, whose personal journey was a powerful reminder of resilience, hope and the importance of ongoing support and awareness.

Through the incredible generosity of attendees, the event raised more than \$5,500, with all funds going directly to the Cancer Council to support cancer research, prevention programs and services for those affected by cancer.

The success of the event reflects the strength of our community and the willingness of members to come together to support meaningful causes. Every ticket purchased, raffle entered and donation made contributes to making a difference in the lives of Australians facing cancer.

Workers Lifestyle Group would like to sincerely thank everyone who attended, donated and supported this year's Biggest Morning Tea. Your generosity and community spirit helped make the day a tremendous success.

Thank you again to all our members and supporters who joined us. We hope to see you next year for another memorable morning of fun, connection and fundraising for a cause that matters.

# Welfare Report

Hi Members,

I'd like to take a moment to remind you that Workers Lifestyle Group is much more than a place to enjoy a meal, entertainment, or catch up with friends, it's a community built on connection, support and looking out for one another.

Over the years, I spend time supporting members and their families during some of life's more difficult moments, whether that be visiting those experiencing illness or representing the Club in times of loss. These moments are a reminder that our community extends beyond the walls of the Club, and that care, compassion and connection remain at the heart of what we do.

Winter can sometimes be a more challenging season, with colder weather encouraging us to stay indoors and, for some, increasing feelings of loneliness or isolation.

It's important during these months to take extra care of both our physical and mental wellbeing.

Looking after yourself can be as simple as keeping warm, staying active, maintaining regular health appointments, or taking time to connect with others.

One of the wonderful things about Workers Lifestyle Group is the wide range of social activities and sporting bodies available to members.

Whether it's joining one of our sporting groups, participating in community activities, enjoying regular social clubs, or simply catching up with familiar faces around the Club, staying connected and active plays an important role in maintaining overall wellbeing. Remaining socially engaged and physically active can have a positive impact on mental health, reduce feelings of isolation and help build lasting friendships.

I encourage all members to make the most of the opportunities available through our Clubs over the coming months. Join a group, attend an event, reconnect with old friends or meet someone new, community is one of the strongest supports we can have.

On behalf of Workers Lifestyle Group, I also extend sincere condolences to any members who have recently experienced loss. Our thoughts remain with you, and we are here to support you however we can.

Wishing all members a safe, healthy and connected winter season. We look forward to seeing you around the Club and enjoying everything our community has to offer over the coming months.

With all my best,

*Harold Becker*

## TREASURER'S REPORT

Hello members,

Year to date (Jan to Mar 2026), I am pleased to advise that we have already contributed more than \$184,574 to local community groups and people in need.

Our Group profit / (loss) before tax as of 31 March 2026 is \$49,403 which is less than budgeted expectations and lower than the same financial period last year (2025).
